

South Plains Financial, Inc. Announces Stock Repurchase Program

February 26, 2024

LUBBOCK, Texas, Feb. 26, 2024 (GLOBE NEWSWIRE) -- South Plains Financial, Inc. (NASDAQ:SPFI) ("South Plains" or the "Company"), today announced that the board of directors of the Company (the "Board") approved a stock repurchase program for up to \$10.0 million of the outstanding shares of the Company's common stock (the "Stock Repurchase Program"). The Stock Repurchase Program will conclude on February 21, 2025, subject to the earlier termination or extension of the Stock Repurchase Program by the Board or the \$10.0 million designated for the Stock Repurchase Program are depleted.

Curtis Griffith, South Plains' Chairman and Chief Executive Officer, commented, "I am very pleased with the momentum in our business highlighted by our strong full year 2023 financial results combined with the many opportunities that we have in front of us to further grow the Bank. However, we believe that our shares continue to trade below intrinsic value. As a result, our Board has authorized a \$10.0 million stock repurchase program to buy back our own stock, which we believe is currently the most compelling acquisition that we can make in today's market."

Under the Stock Repurchase Program, the Company may repurchase shares of the Company's common stock from time to time in open market purchases or privately negotiated transactions. Any open market repurchases will be conducted in accordance with the limitations set forth in Rule 10b-18 promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and other applicable legal requirements. Repurchases under the Stock Repurchase Program may also be made pursuant to a trading plan under Rule 10b5-1 under the Exchange Act, which would permit shares to be repurchased by the Company when the Company might otherwise be precluded from doing so because of self-imposed trading blackout periods or other regulatory restrictions. The extent to which the Company repurchases its shares, and the timing of such repurchases, will depend upon a variety of factors, including the performance of the Company's stock price, general market and economic conditions, regulatory requirements, availability of funds, and other relevant considerations, as determined by the Company. The Company may, in its discretion, begin or terminate repurchases at any time prior to the Stock Repurchase Program's expiration, without any prior notice. The Stock Repurchase Program does not obligate the Company to repurchase any particular number or amount of shares of the Company's common stock.
